WELCOME MESSAGE

Distinguished Guests, Esteemed Colleagues and Friends.

As one of the members of the organizing committee for the World Congress on the Future of Aging- Science, Society, and Sustainability Conference to be held in Prague on the 09-10th July 2025, I would like to welcome you very warmly to this event.

The conference is set to draw upon the expertise of over one hundred researchers, policymakers and multi-disciplinary experts from the field of Aging to delve into the most pressing issues surrounding our aging population, exploring the intersection of scientific advancements, societal considerations, and long-term sustainability.

Our conferences provide you with excellent opportunities to present your work, hear from experts about the latest global developments in the field of aging and most importantly our conferences will enable you to engage in conversation and establish long-lasting collaborations with fellow professionals in the field.

Prague is one of the most beautiful cities on the world and you will the opportunity to not just attend the conference but also explore the city and experience all its traditions and all that Prague has to offer. The culinary delights, the unique selection of beers and the architecture are all very special indeed.

We really look forward to welcoming you at WCFA 2025 and to ensuring that you have a truly unforgettable academic, social and cultural experience.

Sussex, Uk

WELCOME MESSAGE

Dear Colleagues,

As a member of the Organizing Committee, I am writing to invite and welcome you to our 2025 World Congress on the Future of Aging: Science, Society, and Sustainability (WCFA 2025), taking place in a hybrid format from July 09–10, 2025, in person in Prague, Czech Republic, as well as virtually. This year's theme for the meeting is "Aging Unleashed: Navigating Tomorrow's Horizons".

Aging has never been a more important topic than it is today, and I am excited to hear the latest updates about your groundbreaking work, as well as to share some of our own recent findings that I think you will be interested in. In addition, for those attending in person, Prague has much to offer visitors and I look forward to exploring it with you all, both old friends and new acquaintances.

Mark A McCormick

Health Sciences Center,
USA

WELCOME MESSAGE

Dear Attendees,

Thank you for taking the time to participate in the World Congress on Future of Aging: Science, Society, and Sustainability. As one of the member of scientific committee of the Congress, I would like to welcome your presence and your contribution to this event which is of great significance in making the event a grand success.

With an interesting theme and a plethora of scientific sessions on a range of topics, the congress has a good number of lectures, panel discussions and breakout/networking sessions aimed at advancing the science of aging. Through the exciting keynote speeches and plenary talks and discussion on scientific breakthroughs from renowned experts and innovators, the Congress will provide updated exposure to the latest research, trends and solution in aging and age related diseases with a focus on their future prospects.

Nadeem Ahmad
ABVM University

Invited talks will be delivered from speakers on interesting topics of aging and age related diseases and convergence of other processes affected by them. It includes the role of nutrigenetics and epigenetics, gut microbes in the aforesaid conditions besides focusing on Diabetic nephropathy and Alzheimer's disease. The Congress will be an easy platform for sharing and enhancing of knowledge with delegates from academia and industry in the burning areas of aging.

Interaction and networking with the experts and fellow attendees will be a memorable experience for attendees of the Congress. We look forward to see you at WCFA 2025 and hoping it will certainly results in a lifelong inspiration, among other takeaways, for you.

ABOUT

WCFA 2025

July 09-10, 2025 | Prague, Czech Republic

Aging Unleashed: Navigating Tomorrow's Horizons

It is with great pleasure and anticipation that we welcome you to the **World Congress on the Future of Aging: Science, Society, and Sustainability** is a premier global event dedicated to addressing the complex dimensions of aging. Scheduled to take place on **July 09-10, 2025** at **Prague, Czech Republic**, this congress will bring together experts, researchers, policymakers, and practitioners from around the world to explore and advance the scientific, societal, and sustainable aspects of aging.

The **WCFA 2025 Conference** aims to showcase the latest advancements in gerontology and geroscience aimed at improving health and longevity, discuss the societal implications of aging, and promote sustainable practices and policies that support aging populations in an environmentally and economically viable manner. Key themes include pioneering gerontology, integrative approaches to longevity, advancing sustainable aging, bridging research and practice, enhancing quality of life through innovations in geroscience, and sustainable strategies from molecular research to social policy.

The **World Congress on the Future of Aging: Science, Society, and Sustainability** promises to be a landmark event, bringing together leading researchers, policymakers, industry leaders, and advocates from around the globe. This pivotal gathering will delve into the most pressing issues surrounding our aging population, exploring the intersection of scientific advancements, societal considerations, and long-term sustainability. By fostering collaboration and igniting a global conversation, this congress aims to pave the way for a future where aging is not a burden but a time of continued growth, contribution, and fulfillment.

Scientific sessions at a Aging conference typically focus on the latest research, developments, and innovations in the field.

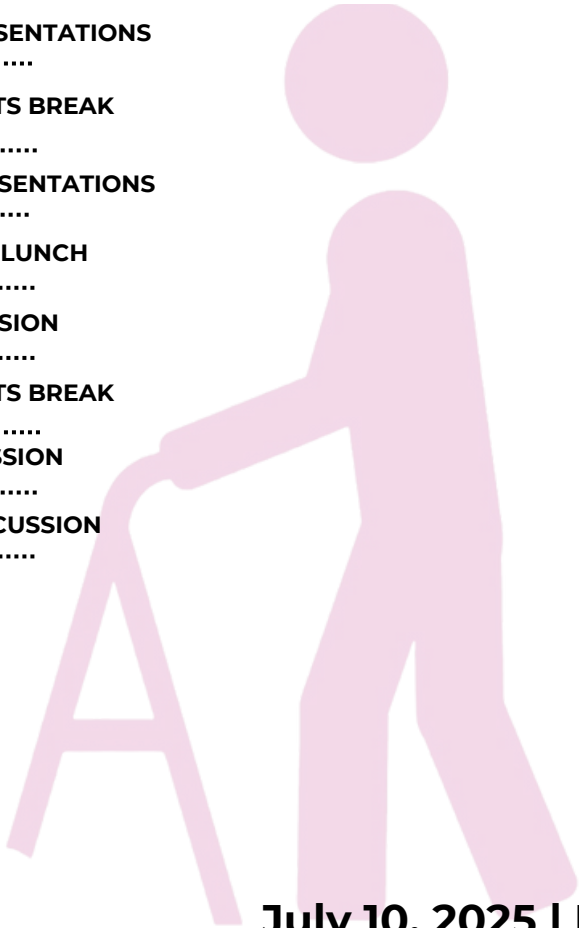

- Biological Mechanisms of Aging
 - Longevity and Life Extension
 - Age-Related Diseases
 - Healthy Aging Strategies
 - Gerontology and Geriatrics
 - Cognitive Health and Aging
 - Innovations in Elder Care
 - Aging and Mental Health
 - Social Aspects of Aging
 - Aging in Place
 - End-of-Life Care and Ethics
 - Nutrition and Aging
 - Physical Activity and Mobility in Older Adults
 - Age-Friendly Communities
 - Economic Impacts of Aging Populations
 - Policy and Aging
 - Technological Solutions for Aging
 - Caregiving and Support Systems
 - Aging and Intergenerational Relationships
 - Palliative and Hospice Care
 - Aging Workforce
 - Public Health and Aging
 - Chronic Disease Management in Older Adults
 - Elderly Abuse and Neglect
 - Aging and Sustainability
 - Retirement Planning and Financial Security
 - Cultural Perspectives on Aging
 - Advances in Biogerontology
 - Aging Research and Clinical Trials
 - Future Trends in Aging Science
 - Others
-

WCFA 2025

July 09-11, 2025 | Prague, Czech Republic

“The aims and objectives of this unique conference are to bring together researchers in nanoscience and material science to present and discuss the most recent developments in these fields all over the world”.

”

Sponsorship Opportunities:

- Reach your target market with exclusive packages
- Promote brand recognition through high visibility
- Communicate directly with influential decision makers
- Provide solutions to technology challenges Source new products
- Leverage these benefits to achieve returns on your marketing dollars
- Reach a High Qualified Target Audience with this Strategic Opportunity!

Event Highlights:

- 25+ Interactive Sessions
- 5+ Workshops
- 30+ Hours of Networking Events
- 15+ Keynote Speakers
- Participants from Industry & Academia (50:50)
- 50+ Innovative Featured Speakers
- B2B Meetings
- World-class Exhibitions

About SCHOLARS CONFERENCES

"Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together"

Who We Are

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of "Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together".

WHY CHOOSE US?

Why does a Scholars Conferences stand out from other scientific meetings? Our meetings attract an exclusive number of audience who have a narrow concentration within a specialized field. We create a platform for informal, workshop style forums delivering a more intense scientific experience unlike other larger style conferences.

OUR AIM

We focus on bringing a much-needed level of efficiency and quality standards in the way we service our clients, thus building lasting partnerships-based quality, innovation, and commitment to abide by our deeply rooted core values.

OUR VISION

We are a truly professional group of individuals, striving hard to maintain and improve the quality of execution of our services. Our people constituting our team are our key assets.

OUR MISSION

Lambda Research Group strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

UNIQUE FEATURES SCHOLARS CONFERENCES

“DISCOVER THE POWER OF NETWORKING”

Pursue Innovations

We work on pursuing the spread of new knowledge to the students researchers, Scientists, academicians, research laboratories by sharing a common platform. This will facilitate the technological advancements that transform the globe.

01

Real Networking

Focus on professional aspect of networking which will further boosts the professional confidence, leads to the exchange of ideas, helps you meet people at all professional levels, exchange of ideas. This will nurture and create more visibility for different fields of budding researchers in their career path.

02

Explore the Knowledge

Present, share an explore the knowledge and/or completely different areas of study. We provide ways to discuss with the new faces one to one about their research they are working on which will further enhance on their own work. Presenting makes the presenter more confident and new perspectives towards the project in new doorways.

03

Transform the Science

Discussing on latest research with worldwide speakers and delegates from various fields will bring the most gradual and progressive developments in transforming the science in the field of medical, clinical, pharma and engineering.
